

# Clip Lock *Sander*

# Clip Lock *Sander*

Your One stop shop for all sanding needs in India. Here is the 7-inch Peacock Drywall hand sander to make your walls smoother, your work easier and the usage safer! Our Peacock handheld sander uses the maximum surface area of a standard sandpaper and delivers the perfect, desirable outcome for all surfaces ( Be it rough, dry walls, putty surfaces, wooden surfaces and more). This sander is handheld, easy to operate, does not need any source of electricity and covers 5 times more surface than conventional sanding methods. The best part of this affordable, user-friendly sander is that it has zero wastage! You can get 95 j% output whilst loading your sandpapers to the sander without compromising on safety or spending money on skilled labor. From uniform surface finishing to perfect, smooth-edged walls, our sander has you covered. It comes with a great ergonomic design to ensure the user against any skin damage or related injuries. If you wish to save money, electricity, and time with an excellent output, you are looking at the right product!

Go ahead, buy one and tell us what you feel!
